CBV Practice Inspection Checklist

Default Responses Annotation

For R&D Team — May 2026

This document annotates the CBV Institute Practice Inspection Checklist (effective January 1, 2026) to show the **default responses** the R&D team must pre-populate in the Aspen Valuations Checklist App. Questions are colour-coded and badged to distinguish defaulted answers from questions requiring manual review.

✓ DEFAULT YES	Defaulted to YES — Pre-populated automatically. Shown with a light teal background and teal border. Reviewer may override if circumstances differ.
✗ DEFAULT NO	Defaulted to NO — Pre-populated automatically with note: <i>"See internal documentation on this procedure."</i> Shown with a light amber background and amber border.
MANUAL	Manual response required — No default. Reviewer must answer Yes, No, or N/A as applicable. Standard white background.

53 DEFAULT YES	3 DEFAULT NO	30 MANUAL REVIEW	86 TOTAL QUESTIONS

- Questions defaulted to YES
- Q1, Q2, Q3, Q4, Q13, Q14, Q15, Q19, Q20, Q21, Q22, Q23, Q24, Q25, Q26, Q27, Q29, Q30, Q31, Q32, Q33, Q36, Q37, Q39, Q44, Q45, Q46, Q48, Q49, Q50, Q51, Q54, Q55, Q56, Q57, Q58, Q60, Q61, Q62, Q63, Q64, Q66, Q70, Q71, Q72, Q73, Q74, Q76, Q78, Q79, Q80, Q81, Q82
- Questions defaulted to NO (with internal documentation note)
- Q69, Q85, Q86

Practice Standard 100 — Valuation Conclusions and Valuation Reports

General Standards

Q 1	The Valuator has selected the appropriate Practice Standards , i.e., they are acting independently and objectively to provide a conclusion of value for shares, assets, liabilities, or any other business interest.	✓ DEFAULT YES	
Q 2	The Valuator has the appropriate professional competence for the engagement.	✓ DEFAULT YES	
Q 3	The Valuator has applied professional judgment and professional skepticism when relying upon management representations and financial information.	✓ DEFAULT YES	
Q 4	When appropriate, the Valuator has consulted applicable Practice Bulletins and/or reached out to CBV Institute Professional Practice staff .	✓ DEFAULT YES	N/A available

Oral Valuation Conclusions

Q 5	When communicated orally, does the oral communication amount to a Valuation Conclusion ?	MANUAL	N/A available
Q 6	When the Valuation Conclusion has been communicated orally, was the substance of the oral report appropriately documented in the working papers ?	MANUAL	N/A available
Q 7	Does the Valuation Conclusion communicated orally comply with Practice Standards No. 100, 120, and 130 ?	MANUAL	N/A available
Q 8	Were required disclosures (from PS 110) verbally communicated to the client/intended users of the oral report?	MANUAL	N/A available

International Valuation Standards

Q 9	The Valuator has applied either IVS or CBV Institute's Valuation Practice Standards .	MANUAL	
Q 10	If IVS has been selected , has the Valuator followed all applicable requirements of IVS ?	MANUAL	N/A available
Q 11	Does the Valuation Report disclose compliance with IVS ?	MANUAL	N/A available

Levels of Valuation Conclusions

Q 12	The Valuator has selected the appropriate level of the Valuation Conclusion (Calculation, Estimate, Comprehensive), consistent with PS 100 definitions and with guidance in Practice Bulletin No. 3.	MANUAL	
---------	--	--------	--

Q 13	The Valuation Conclusion is not misleading to intended users and is not dependent on any assumptions known by the Valuator to be false .	✓ DEFAULT YES	
Q 14	The level of Valuation Conclusion was communicated to the client in writing at the beginning of the engagement (e.g., within the terms of a written engagement agreement).	✓ DEFAULT YES	
Q 15	If the level of Valuation Conclusion changed during the engagement, changes were communicated to the client in writing .	✓ DEFAULT YES	N/A available
Q 16	The level of Valuation Conclusion selected is appropriate for the intended users, purpose, and the facts and circumstances of the engagement including the availability and reliability of information.	MANUAL	

Practice Standard 110 — Report Disclosure Standards

General Report Requirements

Q 17	For draft work products , has the Valuator met and disclosed all four required conditions: (a) clearly marked as draft , subject to change; (b) issued for comment or further instructions ; (c) reader does not intend to rely on or distribute the draft; (d) Valuator has a reasonable expectation a final report will be completed .	MANUAL	
Q 18	Overall, the content and level of detail is appropriate for the engagement. The report provides intended users with a clear understanding of how the Valuator arrived at the Valuation Conclusion — including Scope of Work , information relied upon, professional judgments , significant inputs and assumptions, and basis for conclusions.	MANUAL	
Q 19	To whom the report is addressed, the identity of the client , and any other intended users .	✓ DEFAULT YES	
Q 20	Description of the shares, assets, liabilities or interest in the business being valued.	✓ DEFAULT YES	
Q 21	Date of the Valuation Conclusion ("Val Date").	✓ DEFAULT YES	
Q 22	Date of the Valuation Report .	✓ DEFAULT YES	
Q 23	Purpose and intended use for which the Valuation Report has been prepared.	✓ DEFAULT YES	
Q 24	Name of the Valuator and the firm responsible for issuing the report.	✓ DEFAULT YES	

Q 25	Statement that report was prepared by Valuator acting independently and objectively .	✓ DEFAULT YES	
Q 26	Statement that Valuator's compensation is not contingent on any action or event resulting from the use of the Valuation Report.	✓ DEFAULT YES	
Q 27	Statement that the Valuation Report has been prepared in conformity with the Practice Standards of CBV Institute .	✓ DEFAULT YES	
Q 28	Level of Valuation Conclusion provided in the report (Comprehensive / Estimate / Calculation).	MANUAL	
Q 29	Statement that professional judgment is applied by Valuator in determining the appropriate Scope of Work for the engagement, and also for classifying the Valuation Conclusion as Comprehensive / Estimate / Calculation, based on discussions with the client(s).	✓ DEFAULT YES	
Report Limitations			
Q 30	For Estimate Valuation Conclusions : disclosure that procedures would have been more extensive had a Comprehensive Valuation Conclusion been completed, and that the conclusion might have been different.	✓ DEFAULT YES	N/A available
Q 31	For Calculation Valuation Conclusions : disclosure that procedures would have been more extensive had either a Comprehensive or Estimate Valuation Conclusion been completed.	✓ DEFAULT YES	N/A available
Specific Disclosure Standards			
Q 32	Premise of value, basis of value, valuation approach(es) and method(s) used, explaining the rationale for their selection and basic mechanics.	✓ DEFAULT YES	
Q 33	Definitions for basis of value used (such as "Fair Market Value", "market value", "fair value") and any other technical terms, along with the source of the definition .	✓ DEFAULT YES	
Q 34	A description of the business, interest, asset or liability being valued, appropriate for the intended purpose and users.	MANUAL	
Q 35	The relevant industry and economic factors that affect the Valuation Conclusion.	MANUAL	
Q 36	Summary of relevant financial information (current and historical financial position, earnings/cash information, and forward-looking financial information).	✓ DEFAULT YES	
Q 37	Significant inputs to the Valuation Conclusion and identification of the source (independently developed or provided by management). Examples: normalized earnings, future cash flows, growth rates, WACC/discount rates, tax rates, redundant assets, working capital, minority interest discounts or premiums.	✓ DEFAULT YES	

Q 38	Significant assumptions made in arriving at the Valuation Conclusion and the basis for making each assumption. Examples: FMV of capital assets, market compensation for shareholder positions, normalizing adjustments, reliability of financial statements, highly uncertain liabilities.	MANUAL	
Q 39	Significant valuation calculations (e.g. schedules) used to arrive at the Valuation Conclusion.	✓ DEFAULT YES	
Q 40	Whether potential acquirers who might enjoy post-acquisition economies of scale, synergies, or strategic advantages were considered, and the reasons why or why not.	MANUAL	
Report Scope of Review			
Q 41	Scope of review section that clearly identifies the specific information (e.g., documents, data, interviews) the Valuator relied upon to arrive at the Valuation Conclusion.	MANUAL	
Scope Limitations			
Q 42	If any scope limitations exist, the report contains a scope limitations section, identifying any limitations and adequately explaining each — setting out the reasons and possible impact(s) on the Valuation Conclusion.	MANUAL	N/A available
Q 43	No indication that any scope limitations are significant to a degree that they jeopardize the credibility of the Valuation Conclusion.	MANUAL	N/A available
Restrictions & Conclusion			
Q 44	Any restrictions that affect the Valuation Conclusion, including: (a) statement restricting use to persons for whom it was prepared and only for stated purpose; (b) statement giving Valuator the right to make revisions under specified circumstances.	✓ DEFAULT YES	
Q 45	Conclusion as to value stated as a point estimate or range, referencing the level of Valuation Conclusion, the Valuator's scope of review, key significant inputs and assumptions relied upon, and any restrictions and/or scope limitations.	✓ DEFAULT YES	
Practice Standard 120 — Scope of Work Standards			
Engagement & Planning			
Q 46	Evidence of Valuator obtaining clear instructions including the expected Scope of Work and level of Valuation Conclusion to be provided (note: engagement agreement is required).	✓ DEFAULT YES	
Q 47	If any subsequent significant changes to the terms of engagement, they are documented and agreed to in writing.	MANUAL	N/A available

Q 48	Evidence of the work being adequately planned, properly executed , and performed with due care and an objective state of mind .	✓ DEFAULT YES
Q 49	Evidence of work performed by person(s) having adequate technical training and proficiency in business valuation concepts, principles and techniques.	✓ DEFAULT YES
Q 50	Was the Valuation Conclusion based on sufficient and appropriate information given the intended purpose and intended users?	✓ DEFAULT YES
Q 51	Evidence of Valuator assessing the reliability of external sources and tools , such as opinions of experts, artificial intelligence , or other sources of data or technology.	✓ DEFAULT YES
Q 52	Evidence of Valuator considering the extent of any limitations to Scope of Work . If limitations jeopardize the credibility of the Valuation Conclusion, Valuator has not rendered one.	MANUAL N/A available
Q 53	Evidence of a quality review process to ensure the valuation has been performed in accordance with the Practice Standards and Code of Ethics , including application of professional skepticism.	MANUAL

Understanding & Analysis

Q 54	Evidence that Valuator obtained a sufficient understanding of the subject of the valuation.	✓ DEFAULT YES
Q 55	Evidence that Valuator obtained a sufficient understanding of underlying business operations and other information relevant to the valuation (entity-specific). Examples: ownership, history, capital transactions, key management, products/services, geography, regulation, material contracts.	✓ DEFAULT YES
Q 56	Evidence that Valuator obtained sufficient financial information to understand the subject being valued, including past results, future prospects and present financial position .	✓ DEFAULT YES
Q 57	Evidence that Valuator obtained a sufficient understanding of the relevant industry(ies) . Examples: critical success factors, competitors, regulations, projections/forecasts, trends, ESG issues, guideline public company data and market transactions.	✓ DEFAULT YES
Q 58	Evidence that Valuator obtained sufficient information relating to the general economic conditions affecting the business operations at the Valuation Date .	✓ DEFAULT YES
Q 59	Evidence that Valuator obtained relevant prior or current valuations or indicators of value of the subject business (e.g., valuations by other Valuators, market trading prices, equity transaction details, formal offers).	MANUAL
Q 60	Evidence that Valuator determined the appropriate premise of value and basis of value .	✓ DEFAULT YES

Q 61	Evidence that Valuator determined the appropriate valuation approach(es) and method(s) .	✓ DEFAULT YES
Q 62	Evidence that Valuator determined and applied an appropriate and reliable valuation model : appropriate for the purpose and intended use; mathematically and technically accurate .	✓ DEFAULT YES
Q 63	Evidence that Valuator determined inputs and assumptions that are reasonable and appropriate , considering the intended purpose and intended uses of the Valuation Conclusion.	✓ DEFAULT YES
Q 64	All significant inputs and assumptions are supported .	✓ DEFAULT YES
Q 65	If any significant inputs or assumptions cannot be supported , they are disclosed clearly as a scope limitation (preferred: standalone Scope Limitations section of the report).	MANUAL N/A available
Q 66	Valuator has considered and documented the reasonableness and appropriateness of the overall Valuation Conclusion by performing reasonability tests : availability of market-based data; multiple valuation approaches or methods; reconciliation of differing indicators of value.	✓ DEFAULT YES
Specialists & Representations		
Q 67	Evidence that Valuator considered the necessity of relying upon the work of a specialist .	MANUAL N/A available
Q 68	Prior to engaging or relying upon a specialist hired by client , Valuator has obtained reasonable support that it is appropriate to rely on the specialist (independence, objectivity, competence , and apparent deficiencies).	MANUAL N/A available
Q 69	Evidence of written client/management representations . <i>Note: See internal documentation on this procedure.</i>	✗ DEFAULT NO

Practice Standard 130 — File Documentation Standards

File Maintenance

Q 70	Procedures undertaken and factors considered to ensure the independence and objectivity of the Valuator documented and retained on file .	✓ DEFAULT YES
Q 71	Work performed was documented and files maintained in organized manner .	✓ DEFAULT YES
Q 72	Form and extent of working papers suits the circumstances and needs of the engagement, taking into consideration the level of Valuation Conclusion .	✓ DEFAULT YES

Q 73	No indication that documents and working papers have been purged from the file before the end of the minimum period set out by the Mandatory Practice Inspection Program (five calendar years following the date of the Valuation Report).	✓ DEFAULT YES
Q 74	Identities of Valuers performing the engagement documented.	✓ DEFAULT YES
Q 75	Copy of final issued Valuation Report retained on file.	MANUAL
Q 76	Engagement agreement and any instructions from the client (or client's representative) retained on file.	✓ DEFAULT YES
Q 77	Summaries of key meetings, discussions and correspondence retained on file.	MANUAL
Q 78	Information relied upon is retained on file (or accessible by the Valuator). Examples: business understanding, financial statements, FOFI, industry analysis, economic review.	✓ DEFAULT YES
Documentation of Work		
Q 79	Documentation of premise of value, basis of value, valuation approaches , methods and techniques selected, along with reasons for selection.	✓ DEFAULT YES
Q 80	Documentation of significant inputs and assumptions used.	✓ DEFAULT YES
Q 81	Documentation of valuation calculations — including necessary explanations and supporting documentation.	✓ DEFAULT YES
Q 82	Documentation of the work performed to test the reasonableness and appropriateness of the overall Valuation Conclusion.	✓ DEFAULT YES
Q 83	Documentation to evidence the quality review process applied to the engagement.	MANUAL
Q 84	Documentation of any conclusions of specialists relied upon (including copy of written report if prepared).	MANUAL
Q 85	Client/management representation letter or notation of why no such letter was obtained . <i>Note: See internal documentation on this procedure.</i>	X DEFAULT NO
Q 86	The draft valuation report when the representation letter(s) indicates that the client or management relied on a draft. Where no rep letter has been received , documentation of the reasons for not getting a rep letter signed. <i>Note: See internal documentation on this procedure.</i>	X DEFAULT NO
